Good afternoon Alexis,

Attached is the spec's for the Bellara steel siding that is wood grained. The color is not yet chosen but we are working on that. This is the same type of product as Vesta, how ever this can be applied directly to the IMP panels.

Best,

**Ken Ver Woert**

Hi Ken,

Thank you for providing this information.

To help with the comparison, please send over the brochure for the Vesta Metal siding that was approved at the Planning Commission meeting.

Thank you,

Alexis Gulker
